VOL. XXXIX. NO. 12,034.

CAMPAIGN INCIDENTS.

A NOMINATION IN LOUISIANA.
THE REPUBLICANS SELECT TAYLOR BEATTIE AS THEIR CANDIDATE FOR GOVERNOR—MINOR SPEAKERS IN THE FIELD IN NEW-YORK—MINOR NEWS.

The Republicans of Louisiana have nominated Taylor Beattie, of Lafourche, for Governor of that State. Senator Conkling is being enthusiastically received in the Northern part of New-York State. Marsh, Douglass has addressed a very large audience at Blenheim. The Governor-elect of Ohio is en route to this city. It is stated that people in Richmond are indifferent to the Republican victory in Ohio. They care less for politics now than for business affairs.

LOUISIANA REPUBLICANS.
TAYLOR BEATTIE NOMINATED FOR GOVERNOR BY ACCLAMATION.

NEW-ORLEANS, Oct. 20.—The Republican State Convention met at the Globe German Theatre to-day.

The Hon. A. J. Dumont, chairman of the Central Committee, called the convention to order and delivered a brief address congratulating the delegates on their patriotism in assembling in such large numbers. He said the Republican party was the only one that could save the State, and it was imperatively necessary that the ticket nominated should be elected. The duty of the convention was to select a ticket and prepare a formula of the party's doctrine. Upon the ticket should be placed the names of irreproachable gentlemen, who would lead the party to glorious victory.

Ex-governor Hahn was selected as temporary chairman. He appointed a Committee on Credentials, and the convention took a recess.

After recess the Hon. A. J. Dumont was elected permanent chairman. A Committee on Platform and Resolutions was appointed, with ex-Governor Hahn as chairman.

Ex-Governor Pinchbeck, in a brief speech, pledged Taylor Beattie, of Lafourche, in nomination for Governor, amid great applause.

Judge Beattie was nominated by acclamation, and addressed the convention. In the course of his remarks he stated that a large number of citizens who had up to this time been voting with the Democrats had favored Republican principles, but not the Republican men who had been selected as the party leaders. He believed they would now join the Republicans in support of their ticket for State officers, in opposition to the Democratic nominees.

A committee of fifteen was appointed to select candidates for the other state offices and report to-morrow.

The convention, at 10:40 p.m., was still in session.

A SERENADE TO MR. CONKLING.
THE SENATOR SPEAKING IN THE NORTHERN PART OF THE STATE.

BY TELEGRAPH TO THE TRIBUNE.

OGDENSBURG, N. Y., Oct. 20.—Senator Conkling arrived in this city this evening. He was met at the station by Henry R. Jones, chairman of the County Committee, S. H. Remington, and other prominent citizens of the county, who escorted him to the Seymour House. In response to a serenade he appeared and made a brief address, declaring that the Republicans of the Empire State are marching on to certain victory, and are destined to elect not only the head of the ticket but every name upon it; no Republican vote in this election would be cast in vain; New-York would speak when as emphatic a voice as Maine, Ohio and California had spoken upon the great Nat. and issues now before the country. Mr. Conkling was received with the greatest enthusiasm. In the morning he goes to Canton, where he will address a mass-meeting of the county.

NOT INTERESTED IN POLITICS.
WHAT GENERAL KEY TELLS ABOUT THE BUSINESS MEN OF RICHMOND.

BY TELEGRAPH TO THE TRIBUNE.

PRINCETON, N. J., Oct. 20.—The Republicans of the 1st District of Mercer County have nominated Mayor Charles S. Robinson, of *The Princeton Press*, for Assemblyman.

ASSEMBLY NOMINATIONS IN NEW-JERSEY.

ALLEN L. McDermott, Corporation Attorney of Jersey City, last evening received the unanimous Democratic nomination for member of the Legislature from the 14th Assembly District of Hudson County. Terence J. M. Donahue was nominated by the Republicans.

The Democrats of the 14th District of Hudson County last night nominated W. H. Farnum for the Assembly.

REVIVING CHURCH ORDERS.

THEIR INCREASING WORK IN ENGLAND.

WITH THE PROVOST OF THE ORDER OF ST. AUGUSTINE—HIS VIEWS ABOUT BROTHERHOODS AND SISTERHOODS—SENDING POOR WORK GIRLS FROM LONDON TO AMERICA.

THE REV. GEORGE NUGENT, PROVOST OF THE ORDER OF ST. AUGUSTINE, AUSTRIA, PRUSSY, LITHUANIA, and founder of several other ecclesiastical brotherhoods and sisterhoods in various parts of Europe, has been making an extended tour through the principal cities of Canada and this country, and collecting in addition to the condition of their Episcopal Churches. On Sunday he occupied the pulpit of Trinity Church in this city, and delivered a sermon on "The Sources of Grace." Yesterday a *TRIBUNE* reporter called upon him at the Fifth Avenue Hotel. He is short in stature, with round, rosy face, clean shaven, with the exception of a ring of gray whiskers on each cheek, and has small, blue eyes. He was dressed in a long frock coat of everyday cut, and broad-brimmed boater hat with decorative roses in front; and his general appearance and manner were those of a gay, courteous, well-educated parochial priest. He received the reporter with easy affability, and cheerfully stated the object of his visit to the country.

"I wanted to see the general state of things in America," he said, "and I wanted to judge how far the Church—the English Church, I mean—is progressing; to see what new life was in her, and how far she can and will sustain it. I am very much struck with the churches of New-York, and St. Clement's, of Philadelphia. I think that the more intercommunication there is between the clergy of England and America the better. There was a greater interchange of sympathy between us, when we were all on the losing side. The business men of Richmond now appear to be devoting themselves to business pursuits and to local issues to the exclusion of those which are important in other sections."

CHARLES FOSTER COMING EAST.
A CHANCE THAT HE MAY TAKE PART IN THE NEW-YORK CAMPAIGN.

BY TELEGRAPH TO THE TRIBUNE.

SANDUSKY, Ohio, Oct. 20.—Governor elect Charles Foster left for New-York this evening to attend to some railroad business connected with the disposal of the Louisville and Lake Erie Railroad, in which he has a large interest. He may take part in the New-York campaign in behalf of Mr. Cornell, but that depends on his business engagements.

A LESSON FROM OHIO.

THE VALUE OF UNITED ACTION AS SHOWN IN THE RECENT CANVASS—WORK OF THE EXECUTIVE COMMITTEE—GENERAL ROBINSON'S MANAGEMENT—MR. FOSTER'S SPEECHES.

FROM A STAFF CORRESPONDENT OF THE TRIBUNE.

CLEVELAND, Ohio, Oct. 18.—Now that the feelings over the Republican victory in Ohio have had time to change into a feeling of quiet satisfaction, it may be well to see if there is not some lesson to be drawn from the result which will be useful to the Republicans in New-York and other November States. I think there is such a lesson, and that it will be found in the solidity and earnestness displayed by all classes of Ohio Republicans during the canvass. There were no factional lines discernible in the party after the fight fairly began—no divisions into different elements, some supporting the nominees with more zeal, some with less, and some with none at all. No one could tell who had supported Mr. Foster in the convention and who had opposed him. In the contest over the nomination there were opposing sentiments growing out of differences in former years concerning the course of the Administration, but in the contest with the Democrats every Republican was a Republican, nothing less and nothing more—and every one applied himself with hearty will to place the State firmly in the Republican column for 1880. If such a victory is to be won in New-York, it must be won by just such unity, harmony and energy. There must be just such cordial support given to Mr. Cornell as was given to Mr. Foster. Had there been any cracks in the party in this State where the Democrats could put in their wedge, it would not now be exciting over the results of Tuesday's trial of strength at the polls.

Much more credit is due than has yet been accorded by the Republican press of Ohio to the Republican Executive Committee for their vigorous management of the canvass. Some of the papers were disposed to find fault with Chairman Robinson, because he did not tell every reporter that called on him all about his plans for carrying the close counties, and to assume that he had no plans at all. The contest in those counties was on the part of the Democrats largely an unorganized affair and it had to be met by which ever party had the most men and money to spend. The result of the canvass is that so far they don't interfere with us very much. Why, last Good Friday, when we thought to seven different congregations at the corners of our pulse-houses, and with fresh treatment from them, we were all assembled. As to our sisterhoods, we have several under different names, most of them being well-to-do people, and in some cases ladies of rank."

I cannot do that. Their names are never mentioned after they enter, and they are always addressed and known as "sisterhoods." Miss Louise Town, daughter of the wealthy Dr. Town, has been most active in attending the various parades of Lemont, Ill., to witness the whole career of the dime novels. They are not afraid to let the world know what they have done. The most remarkable thing is that we had no money to print in the newspapers for the窮困的人民. The result bears ample testimony to the thoroughness of General Robinson's work. He carried every county he visited, and did so much for the State that the *Advertiser* of Chicago, in his paper, said: "Our reputation is safe."

NEWTON, N. J., Oct. 20.—John Walker, a citizen of Newton, has absconded. His habitation is unknown, and an offer of Walker's paper to a large amount is also offered.

A NEW-JERSEY SENTENCE.

NEWARK, N. J., Oct. 20.—Jaspar Van Orden, who was indicted for the murder of his wife, pleads guilty to murder in the first degree. He was sentenced to prison for fifteen years.

SHOT BY A POLICEMAN.

MEMPHIS, Tenn., Oct. 20.—Last morning Police Officer F. D. Johnson, who was shot in the arm at the police station, who was recently arrested with a bowie knife, the coroner's jury examined him.

LOVE AND HATE GOING HAND IN HAND.

NORWICH, Conn., Oct. 20.—The adjourned case of the late Andrew Foster, for his poisoning in the C. & G. Court, has been put over again, owing to the want of witnesses.

POINTER J. G. EVANS, N. Y., Oct. 20.—Mark-Hamilton, of the Western Union Telegraph Company, has just received a dispatch from Lake, Ind., saying that a package of papers was found on the beach there this morning, thrown out of the balloon. The package, the papers are printed on, "Answers from Professor Webster's manuscript balloon, the 'Pioneer,'" are scattered, and the paper dropped at some points of the教授's manuscript.

POINTER J. G. EVANS, N. Y., Oct. 20.—Mark-Hamilton, of the Western Union Telegraph Company, has just received a dispatch from Lake, Ind., saying that a package of papers was found on the beach there this morning, thrown out of the balloon. The package, the papers are printed on, "Answers from Professor Webster's manuscript balloon, the 'Pioneer,'" are scattered, and the paper dropped at some points of the教授's manuscript.
